

KNOWLEDGE BASED DECISION MAKING

Topic: To modify the Group Record Coordinator's duties in the Handbook

Background Information – What we know

Historical Perspective –

One of the Group Record Coordinator's duties, according to the Handbook, is

“Review and correct, at regular intervals, the Delegate's printout from World Service Office and send corrected information to World Service Office Group Services.”

This printout has now evolved to the “Area World Service Committee Update Form”.

The Group Records Coordinator has all of the information needed for this report, however it is the Delegate who currently submits the report to the World Service Office.

The World Service Office allows the respective Area to determine who submits the report.

It would be much simpler for the Group Records Coordinator to submit the report from the information they currently have available.

Existing Motions That Pertain To This Topic – None.

What Do We Know About Our Members' Wants, Needs and Preferences?

We need to “Keep It Simple”, ensure we have clearly defined responsibilities and avoid double-headed management.

What do we know about our capacity (resources)?

The Group Records Coordinator already has all of the information required.

What are the implications of our choices? (pros and cons) ?

Pro – Revising the Group Records Coordinator's duties ensures that timely and accurate information is submitted to the World Service Office, allowing new Officers, Coordinators, Committee Chairs and District Representatives to participate in the various AFG Connects discussions.

Con – There have been instances where inaccurate information was reported, as it had to be copied from one individual to another.

What we wish we knew, but don't:
