Please encourage your GRs to go to the [Ohioal-anon.org](http://Ohioal-anon.org) website to submit a GR1 for any changes to their group status. By using the Ohio form it assures that the information comes to me rather than WSO, removing a layer of double work.

The following information was shared by Valerie Stump at WSO Group Records.

Physical groups may add a permanent or temporary electronic component to their physical group's record. This information is displayed in the Location Instructions for the meeting. AGRCs can continue to add electronic platform information in the Location Instructions field on the physical group's record only when **both meetings are taking place on the same day and time** as one

meeting together (hybrid). The WSO does not permit two locations for one AI-Anon Family Group, so you **can't** add electronic platform information for only one of the group's meetings while maintaining a physical address for its other meeting(s).

Respectfully submitted,
