

2026 Fall AWSC - AAPP Report (as of 7-28-26)

53 Active Ohio AMIAS
10 Alateen Active Groups

Electronic Alateen Groups

WSO will be offering Areas to an opportunity to decide if they want to offer Electronic Alateen Groups.

Our Ohio Assembly will need to discuss and decide if we will offer this in Ohio.

If our Ohio Area agrees to opt in, we must have procedures in place to support Electronic Alateen Groups. A thorough understanding of these processes will help ensure successful implementation and accurate submission of electronic Alateen information to the WSO.

I, and a few AWSC members, will be attending two WSO informational and training sessions in August

1. Navigating the process for electronic Alateen groups

The training focuses on how Areas implement the WSC EASBR in preparation for electronic Alateen group registration starting September 1, 2026.

2. Live demonstrations of the AMIAS-E application process & Electronic Alateen group registrations and updates

This process, if we decide to proceed, will take some time to implement.

Submitted,
Irene B
Area 44 Ohio
